PROFILE

Intermediate Flutter Developer with a B.Sc. in Computer Science & Engineering and hands-on experience building cross-platform mobile applications. Skilled in Flutter and Dart, REST API integration, real-time features, state management, and clean, maintainable app architecture. Experienced in developing e-commerce, delivery, sports, gaming, and live-streaming application modules.

WORK EXPERIENCE

Flutter Developer | N. I. Biz Soft | Mar 2025 - Jun 2026

- Developed and maintained responsive Android and iOS applications using Flutter and Dart.
- Integrated REST APIs and external services, handling asynchronous data and application state.
- Implemented reusable UI components from design references and improved app usability and responsiveness.
- Debugged application issues and supported performance, stability, and maintenance.

SELECTED PROJECTS

Swish - Live Streaming
Flutter, Riverpod, Dio, WebSocket, LiveKit
Real-time audio/voice rooms, multi-participant grids, live chat, virtual gifts, wallet and diamond features.

Safollo Bazar - Rider App
Flutter, GetX, REST APIs
Rider order workflow, online/offline status, location services and push notifications.

eTicketMart / Tricket
Flutter, Riverpod, REST APIs
Travel and ticket-booking application with API-driven screens and booking flows.

Safollo Bazar - Customer App
Flutter, GetX, REST APIs
E-commerce customer experience with product, cart, order and dashboard modules.

SportsBD - Cricket App
Flutter, Riverpod, REST APIs
Cricket application covering live scores, matches, teams, players and ball-by-ball updates.

KheloBD - Esports Platform
Flutter, GetX, REST APIs
Gaming tournament platform modules, player profiles and API-connected screens.

TECHNICAL SKILLS

Languages: Dart
Framework: Flutter
State Management: Riverpod, Provider, GetX
API & Networking: REST APIs, Dio, JSON, WebSocket
Real-time: LiveKit, real-time audio/video & chats
Database & Storage: SQLite, Firebase, SharedPreferences
Architecture: Clean Architecture, feature-based structure
Tools: Git, Github, VS Code, Android Studio, Figma, Postman
Other: Responsive UI, debugging, testing, API Integration

EDUCATION

B.Sc. in Computer Science & Engineering
Dhaka International University | 2020 – 2024
CGPA: 3.29 / 4.00

TRAINING & CERTIFICATIONS

- Mobile Application Development (Flutter)
  BASIS (BITM), 3 Months (240 Hours), 2022
- Flutter Certified Developer

LANGUAGES

- Bangla
- English

CORE STRENGTHS

- Cross-platform app development
- Backend API integration
- Real-time application features
- UI Implementation & reusable widgets
- Troubleshooting and maintenance
